

Leather Craft

FRAME CONSTRUCTION

LEATHER CRAFT Leather warrants that the frame construction is free from defective material and workmanship for the life of the product

SPRING CONSTRUCTION

LEATHER CRAFT Leather uses a COIL-FLEX spring construction, which is the latest advancement in coil seating and proven in the automotive industry. LEATHER CRAFT Leather warrants that the spring construction is free from defective material and workmanship for the life of the product.

CUSHION CONSTRUCTION

Cushions have a two year warranty against loss of foam resiliency. The loss of resiliency should not be confused with normal softening and flattening that will occur in all foam as a result of use and aging.

TOP GRAIN LEATHER

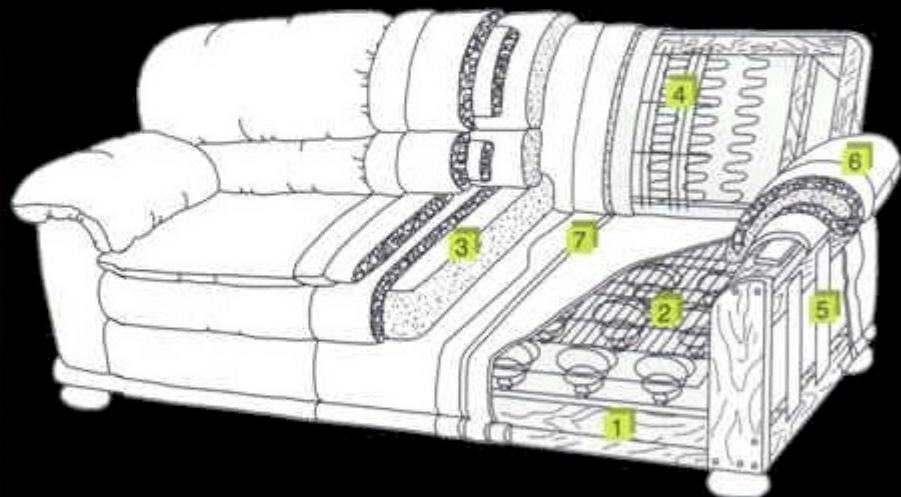

LEATHER CRAFT Leather will repair or replace any defective leather, where the defect results from cracking, peeling or fading. The life of leather is shortened by exposure to direct sunlight and dryness which voids this Warranty.

1. Seat Cushion:
High density foam core with generous poly wrap.

2. Coil Flex Seating:
Latest advancement in coil and flexolator construction proven in the automotive industry.

3. Solid Hardwood frame:
Kiln-dried, glued screwed and corner blocked.

4. Inside Back:

6. Top Arm:
Layers of top quality foam, polyester fibre and thick padding.

Warranty: This warranty applies only to the original purchaser and is restricted to typical residential use only. All claims must be made only through an authorized LEATHER CRAFT INC. dealer, who in turn will contact the factory. LEATHER CRAFT INC., in its sole discretion, will determine the cause and nature of any defect and whatever resulting corrective action is required. If it shall be necessary to return the product to the factory for repairs, the cost of handling, packaging, and transportation to and from the factory will not be covered by the warranty.
